

Heritage Grants Program

Introduction

The Heritage Grants Program was established in 1991 and was administered by City staff with applications reviewed by a volunteer board. In 2008, the Central Okanagan Heritage Society (COHS) was awarded the contract to administer the grants program.

The intent of the program is to recognize the value of Kelowna's built heritage. Through the granting process, financial support is extended to assist with the upkeep of properties listed on the City of Kelowna's Heritage Register.

Purpose

The City of Kelowna's Heritage Grants Program promotes the conservation of residential, commercial, industrial, institutional and agricultural heritage buildings by assisting owners with grants for a portion of the costs incurred in conservation work.

Amount of Money Available

Approximately \$35,000 in total is available for distribution annually from the City of Kelowna.

Eligible Applicants

Any property listed on the Kelowna Heritage Register is eligible to apply for this program. This program is limited to exterior and building foundation (stabilization) work.

The conservation work should recognize the importance of "Character-defining Elements" as documented in the Heritage Register Record (Statement of Significance- SOS) for the property. This Record can be accessed at [Heritage Register Record](#).

- Heritage Designated properties will be given first priority in the granting program. Residential properties will receive second priority, followed by non-residential buildings.
- Grants will not be given for work undertaken prior to a successful grant application.
- Municipal property taxes must be fully paid (if applicable).

Program Details

The maximum available funding is dependent on the building:

- Buildings with a Heritage Designation are eligible for grants to a maximum of \$12,500 per 3 year period.
- Buildings listed on the Kelowna Heritage Register are eligible for grants to a maximum of \$7,500 per 3 year period.

Grants for exterior conservation work:

- Qualifying projects include: roof repairs and replacement; prep & new paint; window (including storms), door, siding, trims, and porch conservation work; and foundation repairs.
- Approved grants will not exceed 50% of the cost of the work to be done (exclusive of GST).
- All new roofs require a final inspection by a certified roof inspector.
- Heritage paint colour schemes using the *Benjamin Moore Historical True Colours for Western Canada* palette are required. Exceptions MAY be considered on a case by case basis and as approved by the Committee.
